Heat Pump Water Heater

Model	HP200M7-F9
Volume	194L
Protection class	IPX4
Assigned water pressure	0.7MPa
Electrical connection (voltage / frequency)	220V-240V/50Hz
Maximum total power by DWH	2035W
Average power input by HP	320W
Maximum power input by HP	535W
Power input by electric backup	1500W
Refrigerant	R290 / 0.15kg
Maximum pressure of refrigerant	3.3MPa
Global Warming Potential (GWP)	3
Equivalent CO2	0.45kg
Number of manufacturer	2025ED
Serial number	

MADE IN P.R.C.
Manufactured By Haier
